How to link a video to a listing

October 4, 2016

Add videos of your listings on SuttonTV

To incrase visibility of your client's property, you can add a video to your listing. The video will show on both suttonquebec.com and on SuttonTV YouTube Channel.

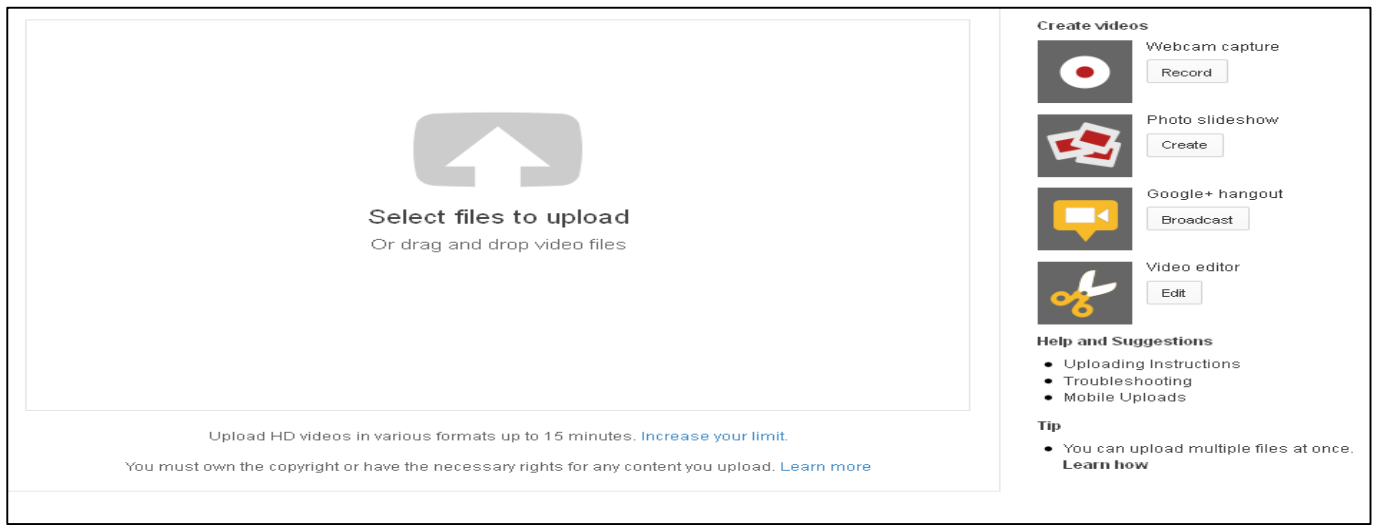
Steps to follow:

Visit www.youtube.com. Click on connexion. If you don't have any YouTube account, create one and connect. Then:

Click on "**Upload**" button.

1

2

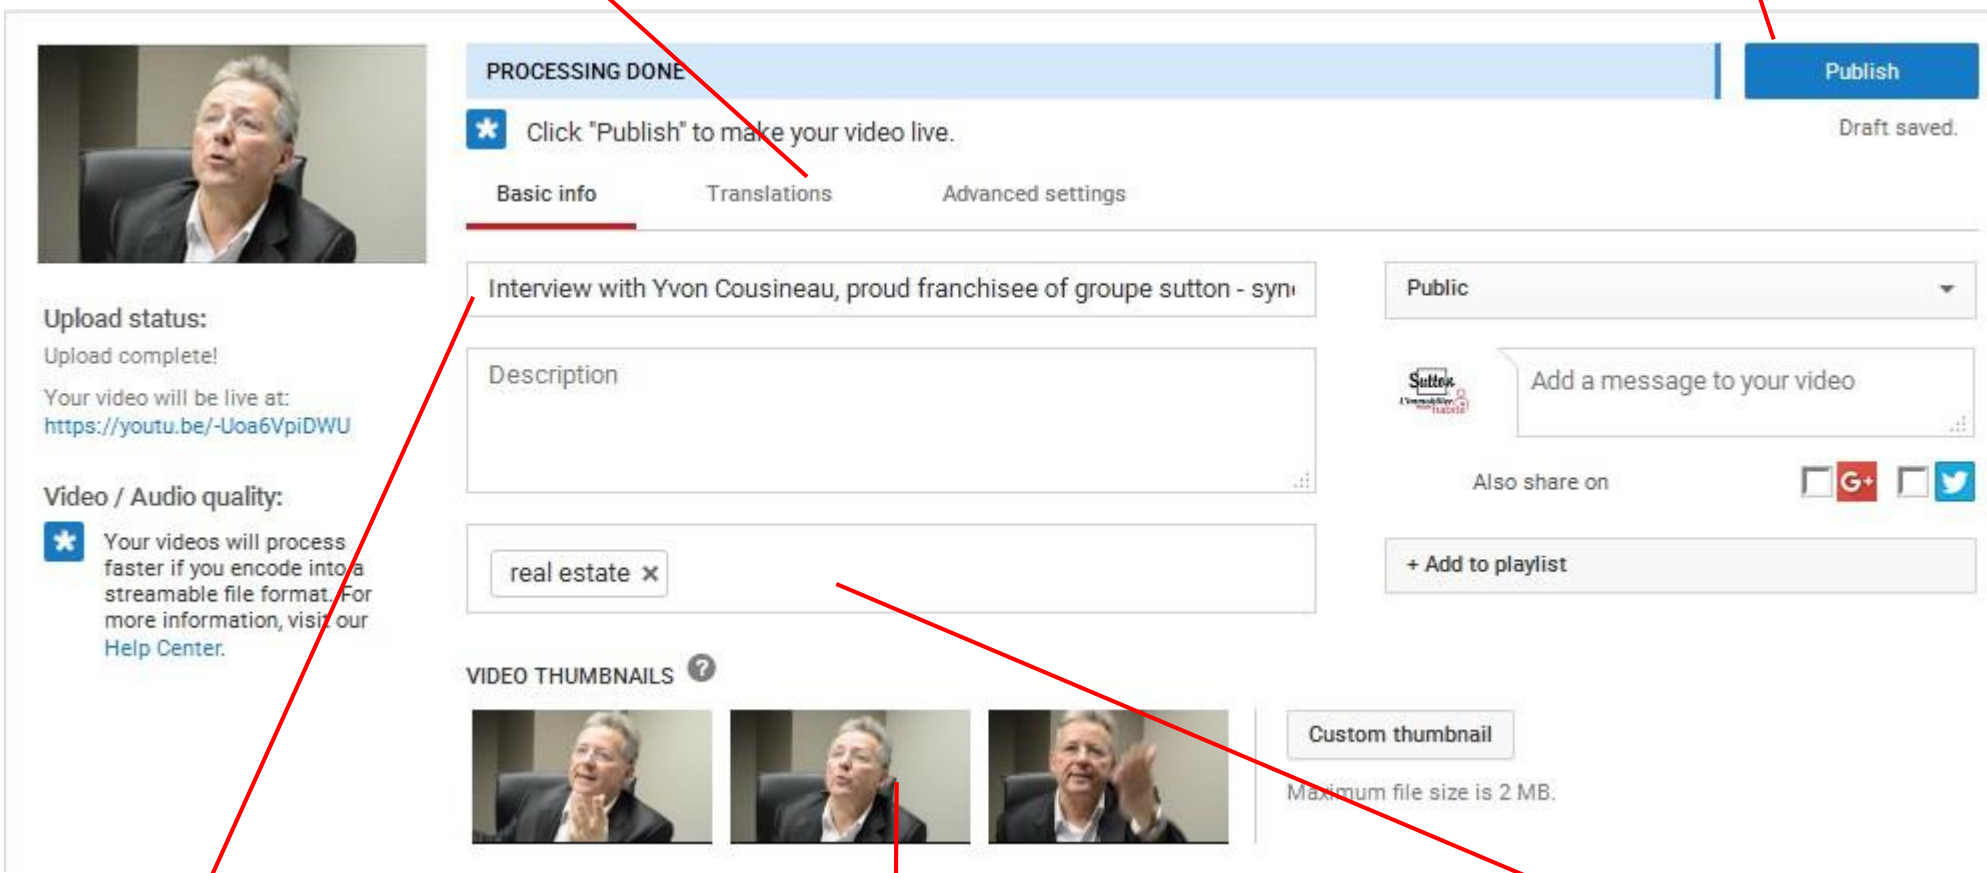


Click on the arrow.
Select the file to upload.

3

Allow you to translate the title and the video description

Click on «Publish» once every information is entered*



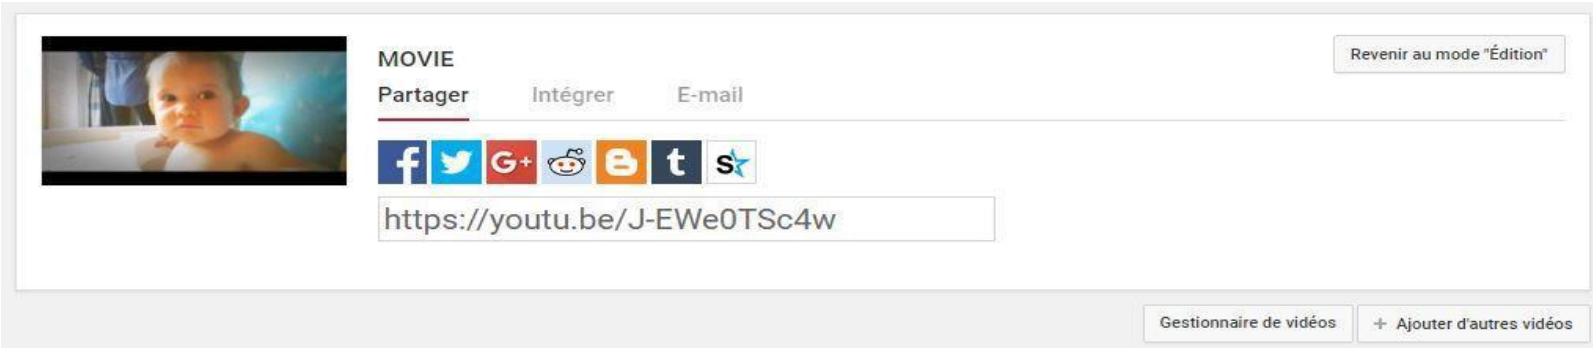
Title and video description

Allow you to choose the video thumbnails that will be shown as a presentation of the video (on your website, on social medias, …)

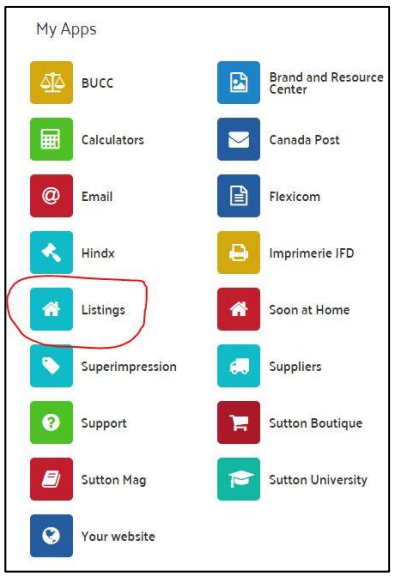
Insert tags that are not on your title or your description

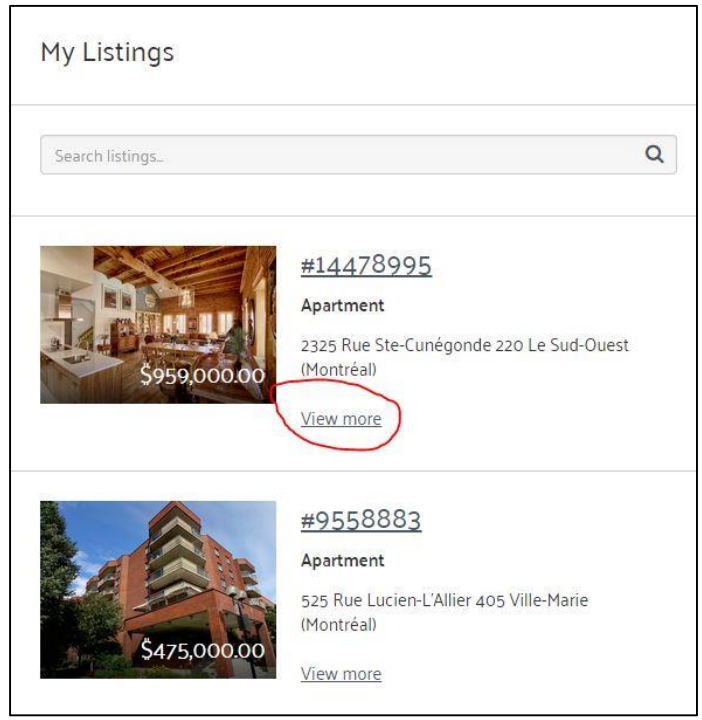
***These information can be modified after the publishing**

Once it is published, the URL of the video will show. **Keep this window active and open a new Internet window**. Connect to your **Sutton Dashboard**.

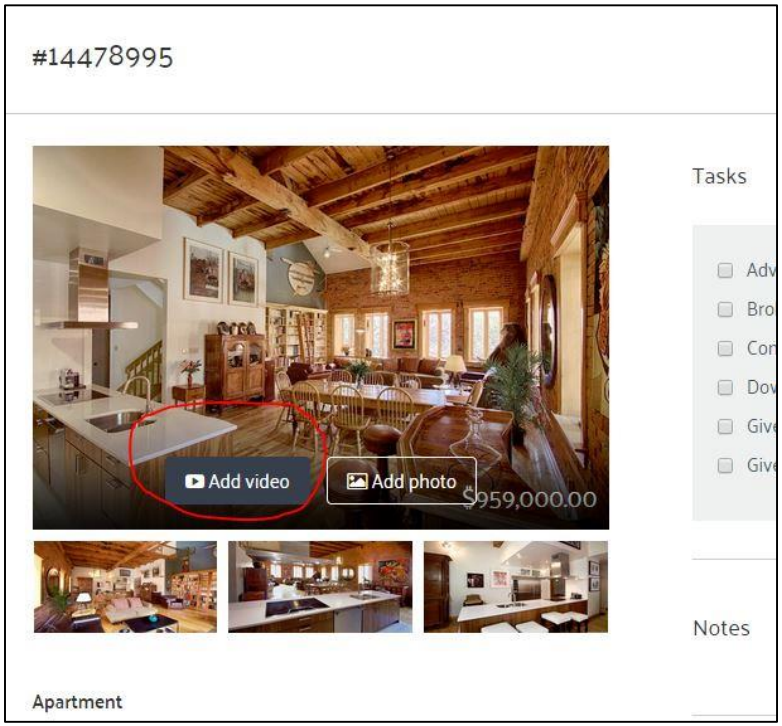


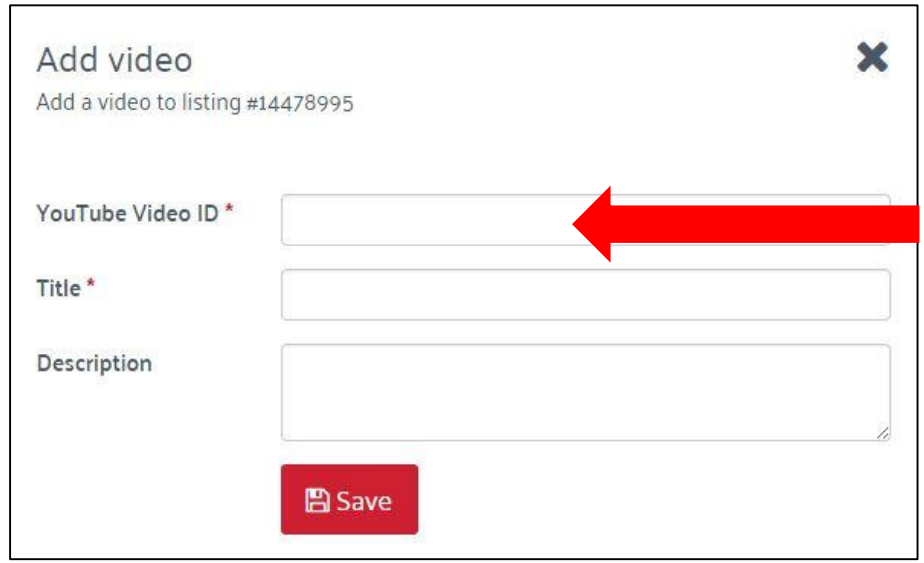
Click on **Listings** tab. Then click on **View more** of the concerned listing.





Drag your mouse on the main picture of the listing, and click on **Add video**. A new window will open.





You must copy the ID of the Youtube video. To do so, please return to your YouTube window. Copy the link of your video. **ONLY COPY WHAT IS SHOWN AFTER THE SLASH (/)**, and **paste it** into the field **YouTube Video ID.**
In the **Title** field, we suggest you enter the address of the property, but you can add any title of your choice.
Click on **Save**.

Congratulations! Your video is now shown on suttonquebec.com, and will appear on SuttonTV YouTube channel in less than 24 hours !
